

Component-2_AWE Documentation (Rishav Rauniyar 77466862_Section C)

Executive Summary

The Educational Admin site is a web based academic management system design to stream-line learning based on 3 users types: Admin, teacher , student . **Administrators** manage the overall academic system — adding or toggling modules, managing student enrollments, assigning teachers to modules.

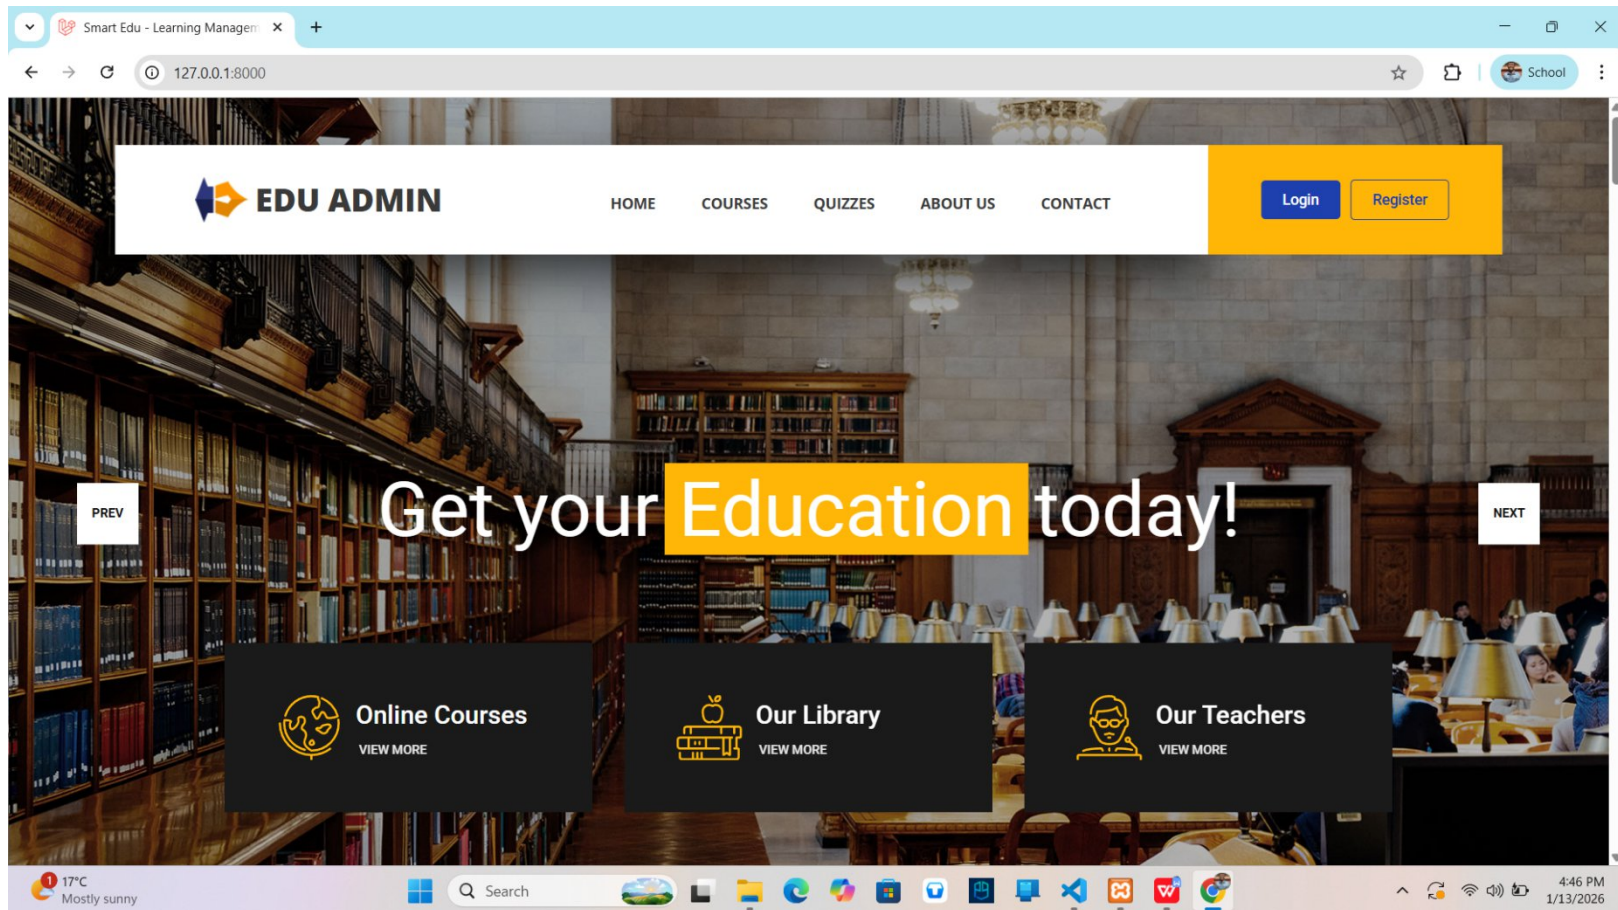

Teachers, created by administrators, can view their assigned modules, manage enrolled students, and record student outcomes as PASS or FAIL, automatically logging completion timestamps.

Students can self-register, enroll in up to four modules at a time, and view their progress and completion history. **Modules** can host up to ten students concurrently. When full, additional enrollments are paused until space becomes available. Archived modules remain viewable for recordkeeping, preserving historical performance data.

EDU ADMIN SITE TESTING

Home Page

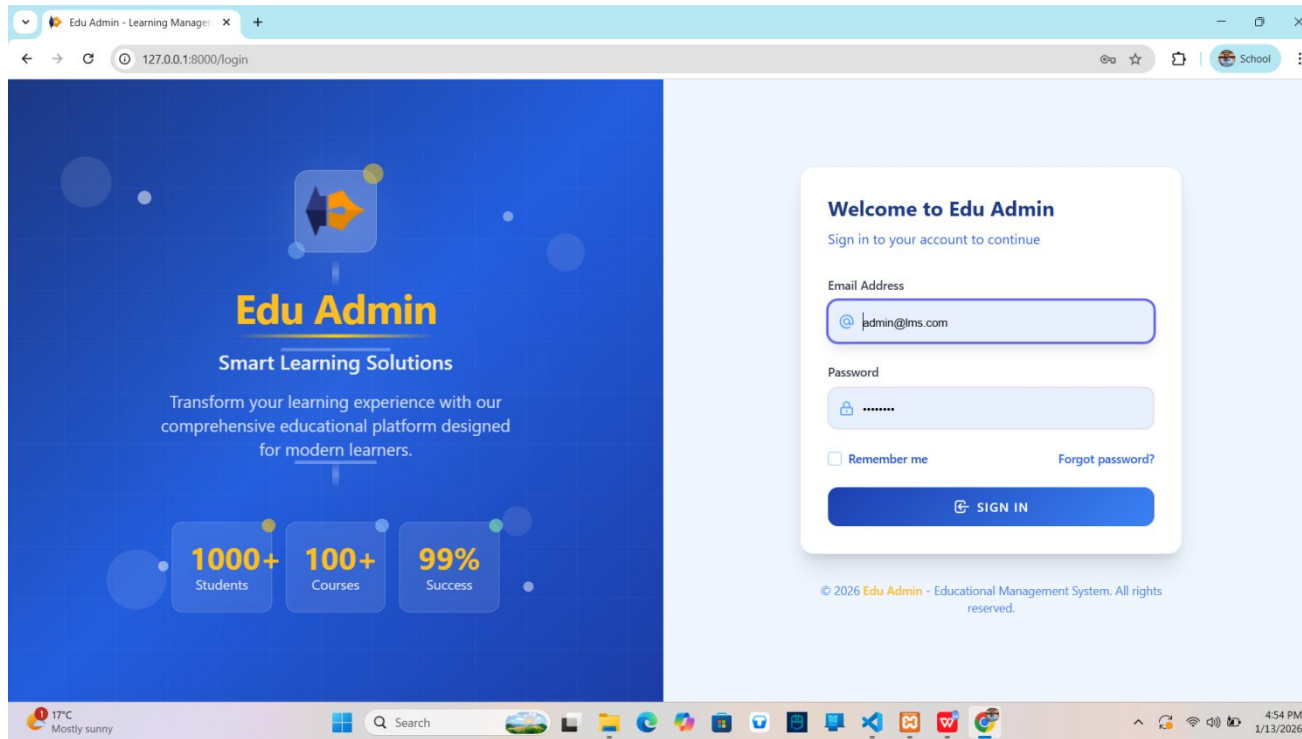

This is the main home page of Educational Admin Platform which have three users Admin, teacher and student

Login Page

Testcase: Login

1.1 Login :

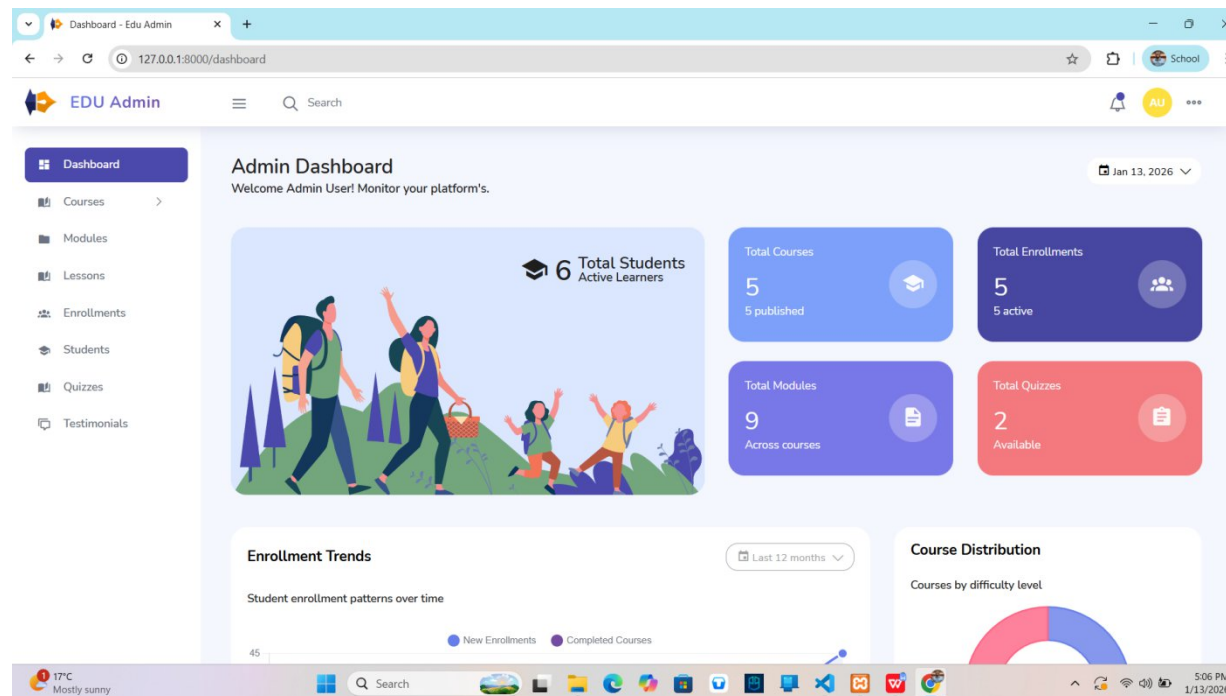

To access the student , teacher and admin first we should be sign in to the login page of Educational Admin Platform . This part comes under authorization and authentication

1.2 Log in with Valid Credentials:

Expected result: Redirect to Admin Panel

Actual result: Redirect to Admin Panel

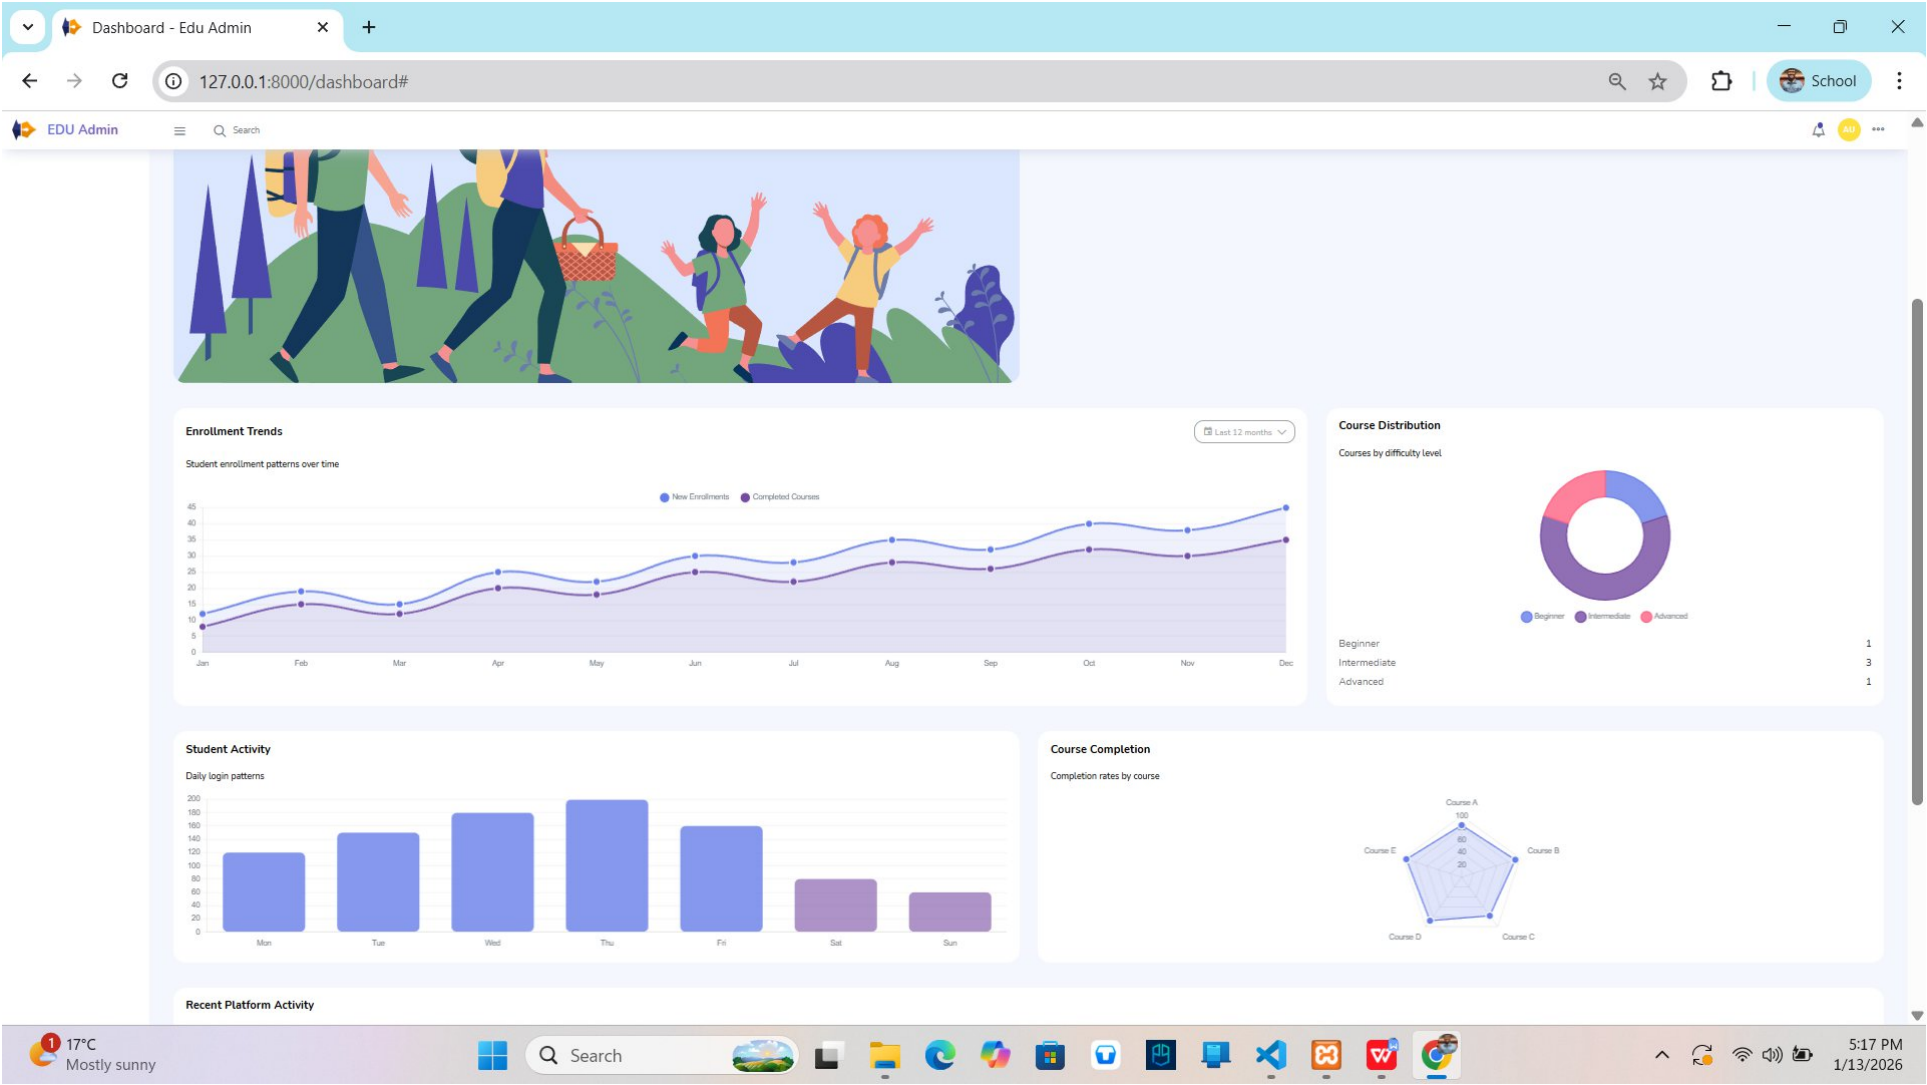

Administrators oversee all aspects of the academic system, including the addition or deletion of modules, the management of student registration, and the assignment of teachers to modules.

Admin Dashboard

Testcase: Dashboard

Expected result: Redirect to Admin Dashboard with charts and reports

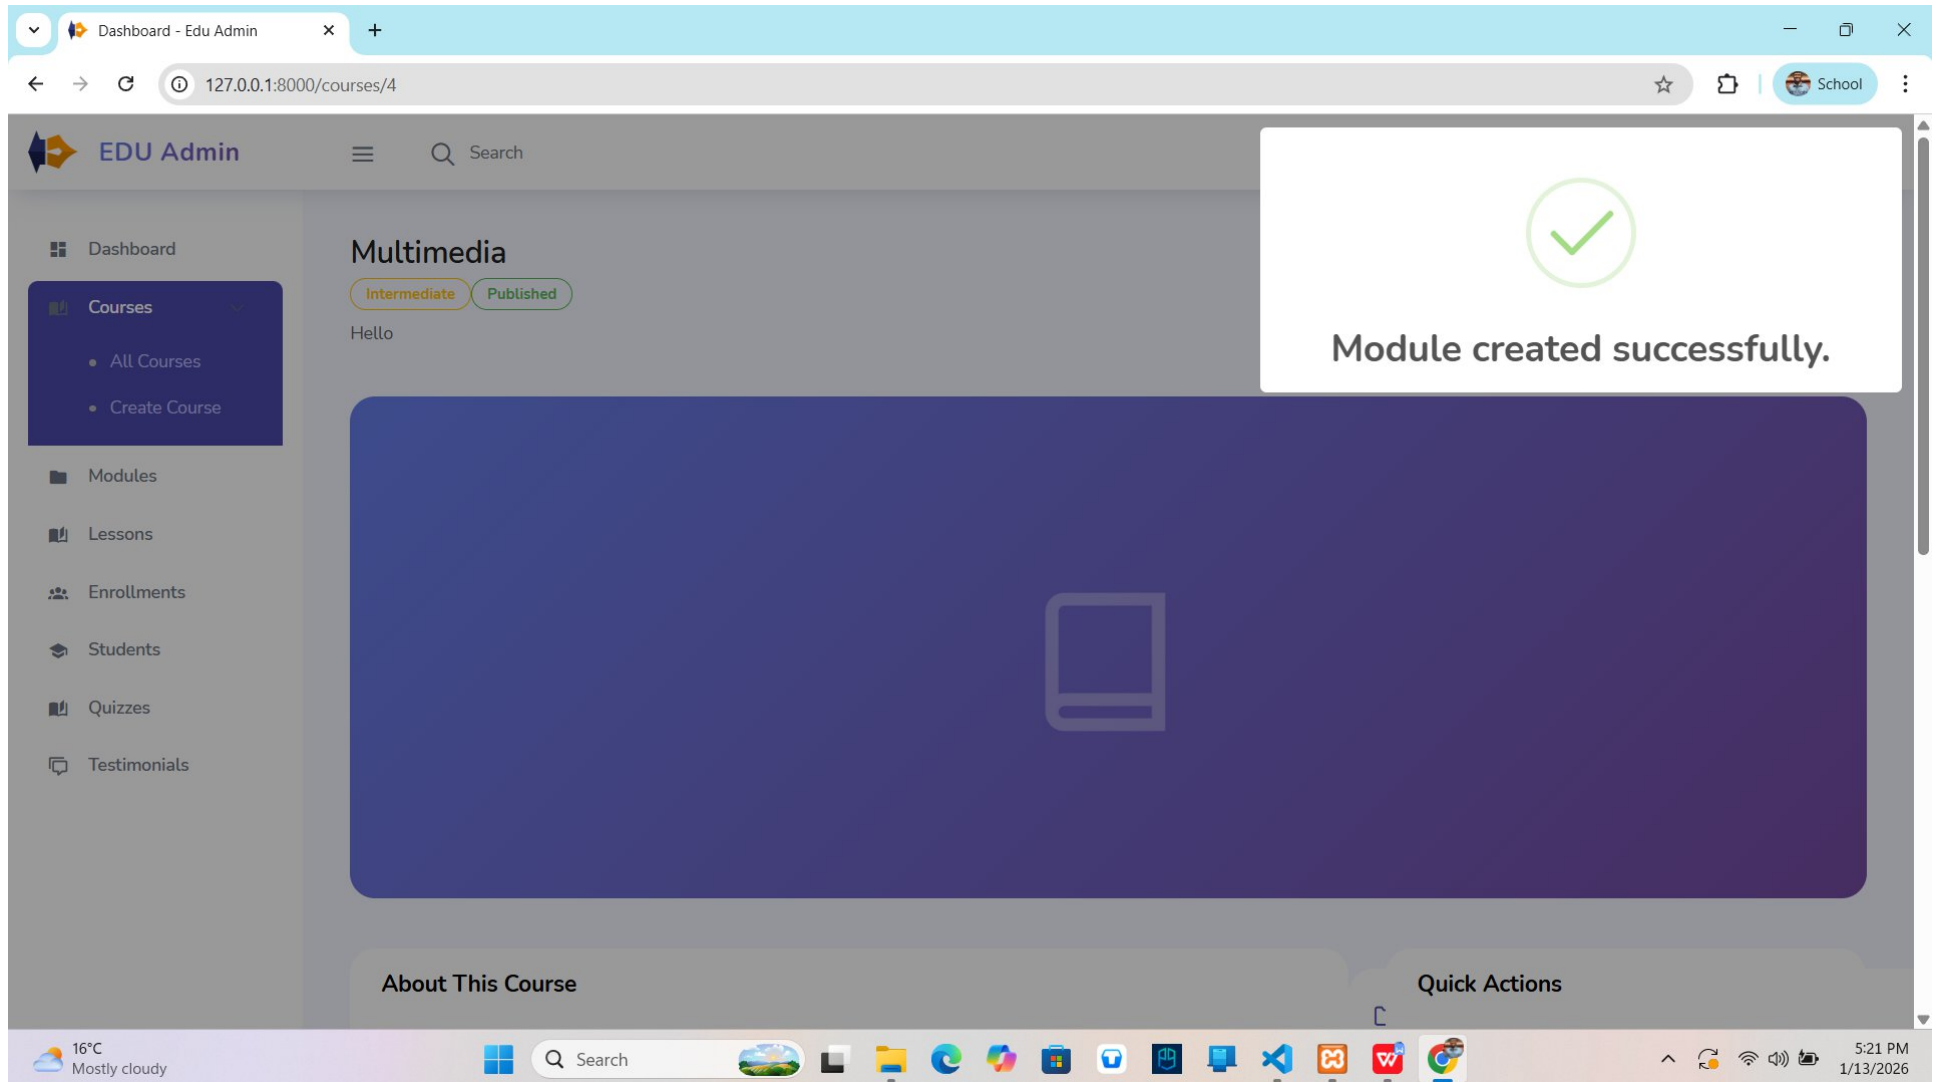

Actual result: Redirect to Admin Dashboard with charts and reports

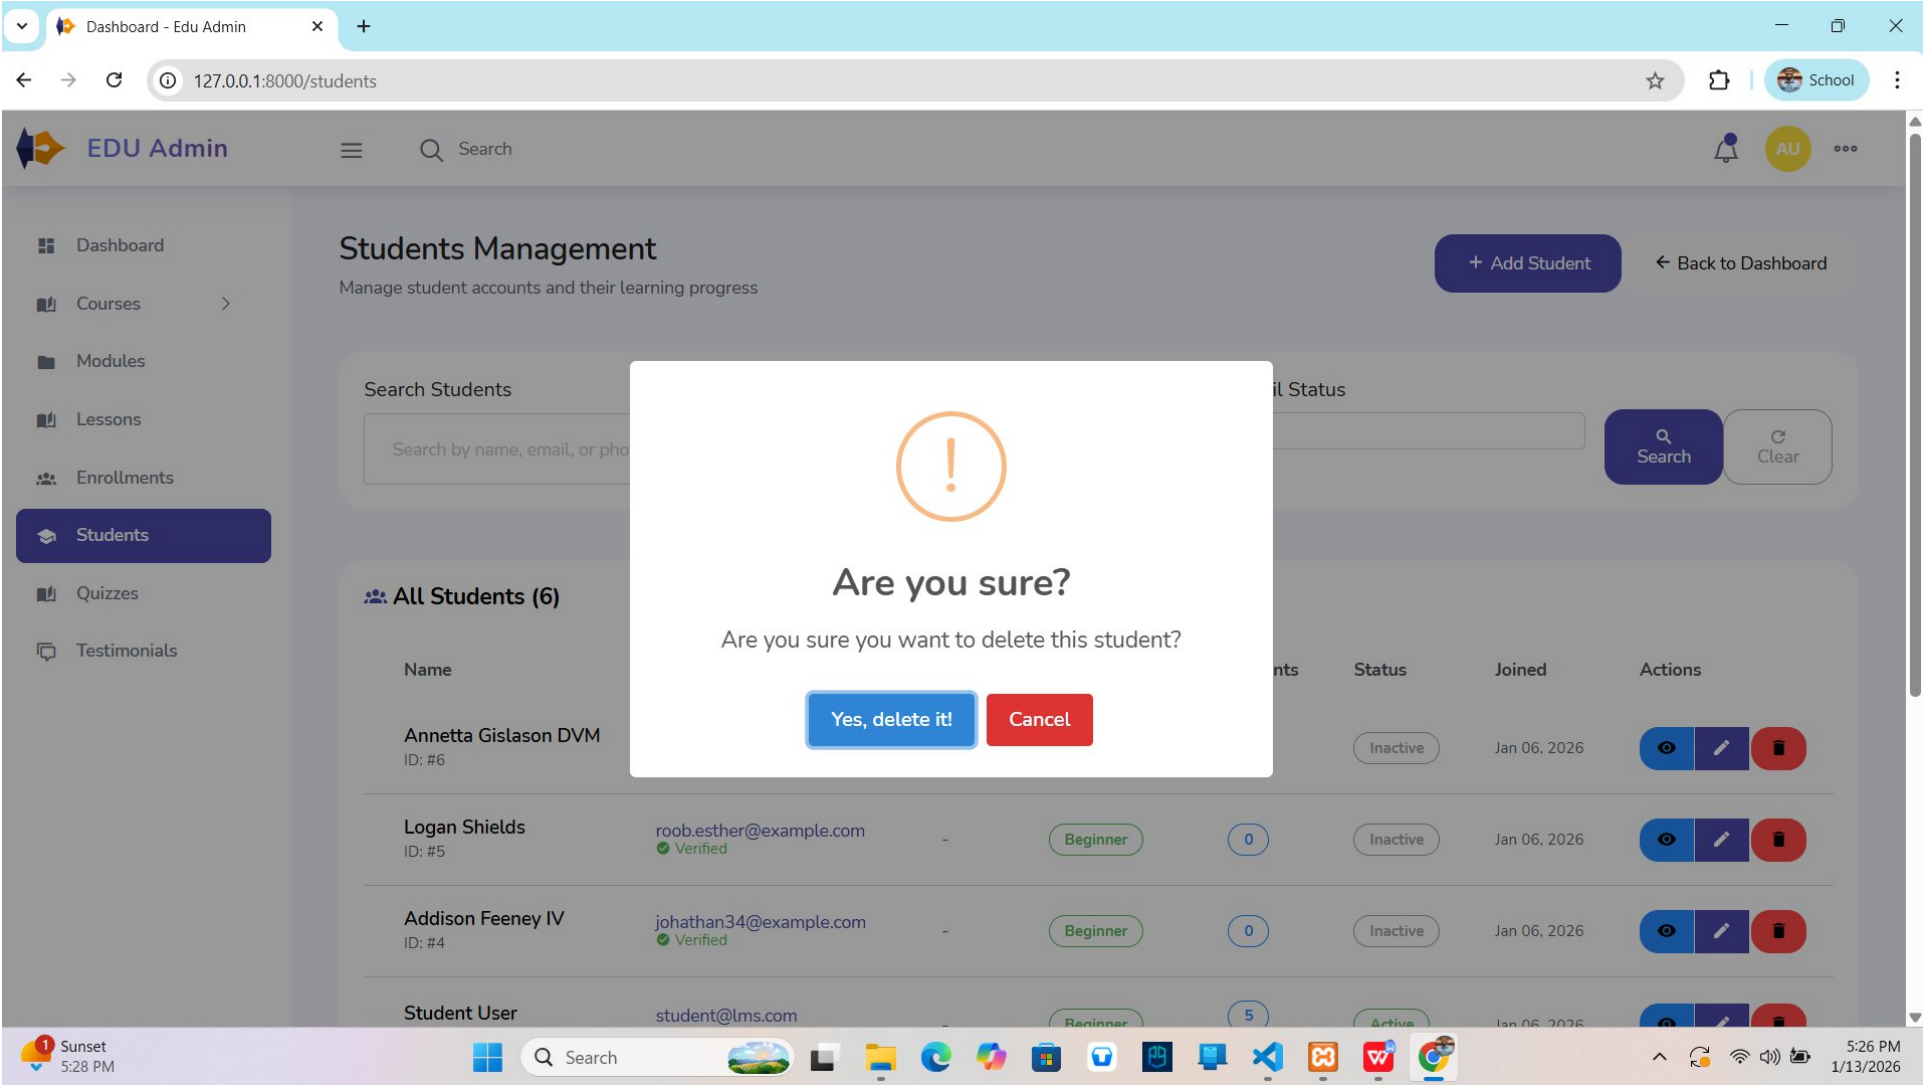

Testcase: Can add a new module

Expected result: Added module successfully

Actual result: Added module successfully

Testcase: Can remove students from a module
Expected result: **Student remove successfully**
Actual result: **Student remove successfully**

Testcase: Can assign(attach) teacher to a module
Expected result: Teacher assigned to a module
Actual result: Teacher assigned to course with a module

Testcase: Can toggle modules to being available or unavailable

Expected result: **Available or Unavailable Modules** is seen in admin panel

Actual result: **Only new created module is seen in admin panel**

The screenshot shows the EDU Admin dashboard in a web browser. The browser's address bar displays the URL `127.0.0.1:8000/modules`. The dashboard header includes the 'EDU Admin' logo, a search bar, and a user profile icon labeled 'AU'. On the left sidebar, there are links for 'Quizzes' and 'Testimonials'. The main content area is titled 'All Modules (10)' and features a '+ Create Module' button in the top right corner. Below the title is a table with 10 modules, each with an 'Order' number in a circle, a 'Title' with an 'ID', a 'Course', a 'Lessons' count in a pill-shaped button, a 'Description', and 'Actions' (toggle, edit, delete icons).

Order	Title	Course	Lessons	Description	Actions
1	Basic Vocabulary ID: 1	C++ intermediate	2 Lessons	Learn essential English words and phrases	[Toggle] [Edit] [Delete]
1	Tenses ID: 3	Intermediate English Grammar intermediate	1 Lesson	Learn about different verb tenses	[Toggle] [Edit] [Delete]
1	Business Communication ID: 5	Advanced Business English advanced	1 Lesson	Professional communication skills	[Toggle] [Edit] [Delete]
2	Simple Grammar ID: 2	C++ intermediate	0 Lessons	Introduction to basic English grammar	[Toggle] [Edit] [Delete]
2	Conditionals ID: 4	Intermediate English Grammar intermediate	0 Lessons	Master conditional sentences	[Toggle] [Edit] [Delete]
2	Presentations ID: 6	Advanced Business English advanced	0 Lessons	How to give effective business presentations	[Toggle] [Edit] [Delete]
3	Photoshop ID: 14	Multimedia intermediate	0 Lessons	Image Processing	[Toggle] [Edit] [Delete]
7	Python ID: 8	C++ intermediate	0 Lessons	Python is a good language	[Toggle] [Edit] [Delete]
8	Python ID: 10	C++ intermediate	0 Lessons	Hello	[Toggle] [Edit] [Delete]
13	Robotics ID: 11	C++ intermediate	0 Lessons	Hello	[Toggle] [Edit] [Delete]

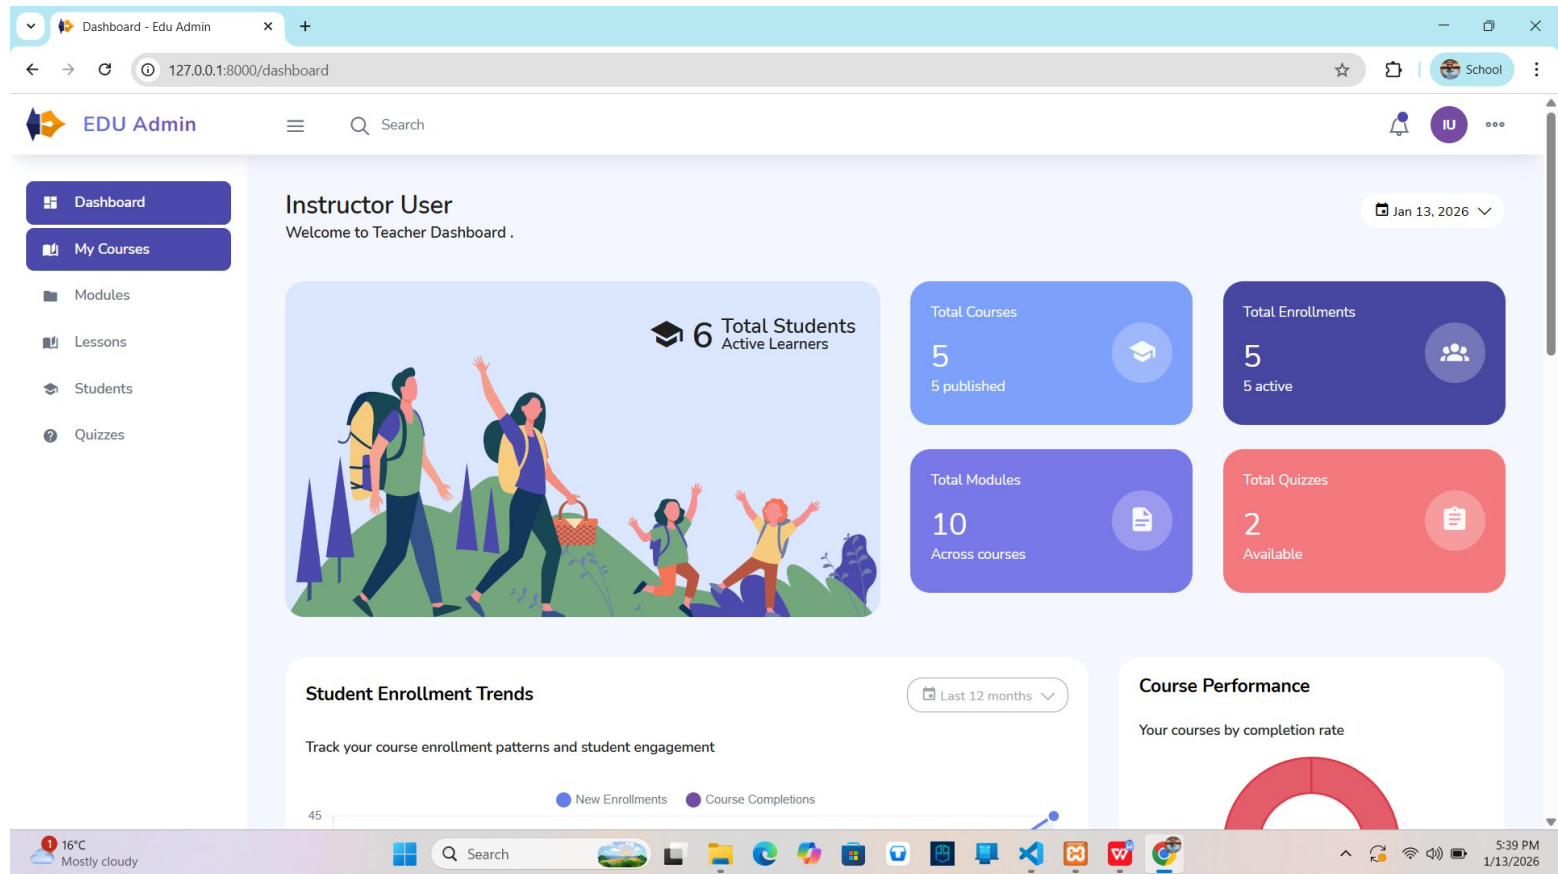

The Windows taskbar at the bottom shows the system clock as 5:33 PM on 1/13/2026, along with weather information (16°C, Mostly cloudy) and various application icons.

TESTING TABLES

Student ID:

77466862

Administrator Features	YES/NO	Timestamp:
Can add a new module	YES	00:50
Can add and remove teachers	NO	
Can remove students from a module	YES	01:35
Can attach (assign) teacher to a module	YES	02:32
Can change the status of users to different roles	YES	
Can toggle modules to being available or unavailable	YES	02:46
Teacher Features		
Can view modules that they are assigned to	YES	04:53
Can view students that are attached to the module	YES	05:08
Can set PASS / FAIL to students which will add a timestamp for when this is done	NO	
Student / Old Student		
Can register on the site	YES	06:04
Can enrol (actively study) a maximum of 4 modules	YES	07:15
Can see a history of completed modules indicating PASS / FAIL	NO	07:25
Can enrol on modules if not at the current maximum	YES	07:53
OLD STUDENTS only see a list of completed modules with PASS / FAIL status	YES	
Modules		
Can have a maximum of 10 students enrolled - (this does not include students who have completed a module)	YES	08:50
Archiving (making unavailable) does not delete the module – only makes new enrolments inactive	YES	09:30
Modules when undertaken should store a Student Start Date, Completion Date and PASS/FAIL	NO	09:44
